

DreamHub Instructions

1. Download the Connector app to pair and operate your bridge and devices.

Connector is a free app, developed by our partner, Shade Connector, and is available for iOS and Android.

2. If using the Connector app for the first time, create an account and sign in.
3. Once signed in, follow the in-app wizard for setup and operation instructions.
4. Alternatively, follow along with our video guide which includes instructions on how to operate your blinds via Alexa and Google Home.
